

Ready-Call®

Record and Playback

Sometimes it is impossible to bring everyone together for a conference, so ConferenceCall.com has features that let you archive your conference for people who are unable to attend your meeting. Record & Playback digitally records your Ready-Call conference call for participants who were unable to attend or for those who would like to listen to it again. For easy, 24/7 availability, the recording can be accessed on the Internet or by dialing a toll-free number. You may also purchase a CD, downloadable link or a transcription of your recording.
